Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. Our responsibility is to express an opinion on these standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. 1. GENERAL INFORMATION:

UFM Industries Ltd ("The Company") is primarily engaged in the business of Flour Milling.

2. SIGNIFICANT ACCOUNTING POLICIES:

2.1 Conventions & Basis of Accounting:

The Financial Statements of the company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as Amended) and the relevant provisions of the Companies Act 1956. These Financial Statements have been prepared on accrual basis under the historical cost convention. The Accounting policies adopted in preparation of Financial Statements are consistent with those followed in the previous year.

2.2 Use of Estimates:

The presentation of financial statements requires estimates and assumptions to be made that effect the reported amount of Assets & Liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognised in the period in which the results are known/ materialized.

2.3 Tangible Assets:

Tangible Assets are stated at acquisition cost, net of accumulated depreciation. Profits arising from the sale of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Depreciation:

Depreciation is provided on straight line method over the estimated useful life of assets as specified in Schedule II of Companies Act, 2013

Effective 1st April 2014, the Company depreciates its fixed assets over the useful life in the manner prescribed in Schedule II of the Companies Act 2013 as against the earlier practice of depreciating at the rates prescribed in Schedule XIV of the Companies Act, 1956.

Depreciation on additions to assets or on sale/discardment of assets, is calculated on pro-rata from the days of such addition or upto the days of such sale/discardment, as the case may be.

2.4 Foreign Currency Transactions:

Foreign currency transactions are recorded on initial recognition in the reporting currency i.e. Indian rupees, using the exchange rates prevailing on the date of the

transaction. Monetary assets and liabilities in currencies other than the reporting currency and foreign exchange contracts remaining unsettled are remeasured at the rates of exchange prevailing at the balance sheet date. Exchange difference arising on the settlement of monetary items, and on the remeasurement of monetary items, other than long-term foreign currency monetary items are included in the statement of profit and loss.

The Company has opted for accounting the exchange difference arising on long-term foreign currency monetary items in line with the Companies (Accounting Standards) Amendment Rules, 2009 relating to Accounting Standards 11 (AS 11) - The effects of changes in foreign exchange rates notified by the Government of India on 31 March 2009. Accordingly exchange difference arising on the settlement and remeasurement of long-term foreign currency monetary items relating to the acquisition of depreciable capital asset are accounted by addition or deduction to the cost of the depreciable assets.

Foreign Currency forward contracts, other than those entered into to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions are treated as foreign currency transactions and accounted accordingly as per Accounting Standard (AS) 11 - Effects of Changes in Foreign Exchange Rates. The difference between the contract rate and spot rate on the date of transaction is recognised as premium/discount and recognised over the life of the contract. Exchange differences arising on account of remeasurement and gains and losses arising on account of roll over/cancellation of foreign currency forward contracts are recognised in the statement of profit and loss.

2.5 Investments:

Current Investments are carried at lower of Cost or Realisable Value.

Long Term investments are carried at cost. Only in case there is Permanent diminution in value of Long Term Investments it is provided for.

2.6 Inventories:

Inventories are valued at lower of cost or Net Realisable Value. Cost is determined using Weighted Average Method for Raw Materials & Finished Goods and FIFO method for consumable spares and Packing Materials. The cost of finished goods and Work in progress comprises raw materials, direct labour, other direct costs and related production overheads. Net Realisable Value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

2.7 Revenue recognition:

Gratuity : The Company provides for gratuity which is in the form of a defined benefit plan on the basis of actuarial valuation done by LIC carried out at each Balance Sheet date.

2.10 Earning Per Share:

Basic Earning Per Share: Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the period.

Diluted Earning Per Share: Diluted EPS is computed by dividing the profit/(loss) after tax(including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earning per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.11 Taxes on Income:

Current Tax: Provision for Current Tax is made taking into consideration the provisions under the Income Tax Act, 1961.

Impairment Loss recognised in prior years is reversed when there is an indication that impairment loss recognised for the asset no longer exists or may have decreased.

2.13 Provisions & Contingent Liabilities:

Provisions: A provision is required when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to the Present Value and are determined based on the best estimate required to settle the obligation at the Balance Sheet Date. These are reviewed at each Balance Sheet Date and adjusted to reflect the Current best estimates.

Contingent Liabilities: Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

2.14 Insurance Claims:

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent there is no uncertainty in receiving the claims.

2.15 Cash Flow Statement:

Cash Flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.16 Borrowing cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.
