ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **UFM INDUSTRIES LIMITED** (“the Company”) as of 31 March 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. GENERAL INFORMATION:

UFM Industries Ltd ("The Company") is primarily engaged in the business of Flour Milling.

2. SIGNIFICANT ACCOUNTING POLICIES:

2.1 Conventions & Basis of Accounting:

The Financial Statements of the company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as Amended) and the relevant provisions of the Companies Act 1956. These Financial Statements have been prepared on accrual basis under the historical cost convention. The Accounting policies adopted in preparation of Financial Statements are consistent with those followed in the previous year.

2.2 Use of Estimates:

The presentation of financial statements requires estimates and assumptions to be made that effect the reported amount of Assets & Liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognised in the period in which the results are known/ materialized.

2.3 Tangible Assets:

Tangible Assets are stated at acquisition cost, net of accumulated depreciation. Profits arising from the sale of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Depreciation:

Depreciation is provided on straight line method over the estimated useful life of assets as specified in Schedule II of Companies Act, 2013

Effective 1st April 2014, the Company depreciates its fixed assets over the useful life in the manner prescribed in Schedule II of the Companies Act 2013 as against the earlier practice of depreciating at the rates prescribed in Schedule XIV of the Companies Act, 1956.

Depreciation on additions to assets or on sale/discardment of assets, is calculated on pro-rata from the days of such addition or upto the days of such sale/discardment, as the case may be.

2.4 Foreign Currency Transactions:

Foreign currency transactions are recorded on initial recognition in the reporting currency i.e. Indian rupees, using the exchange rates prevailing on the date of the

transaction. Monetary assets and liabilities in currencies other than the reporting currency and foreign exchange contracts remaining unsettled are remeasured at the rates of exchange prevailing at the balance sheet date. Exchange difference arising on the settlement of monetary items, and on the remeasurement of monetary items, other than long-term foreign currency monetary items are included in the statement of profit and loss.

The Company has opted for accounting the exchange difference arising on long-term foreign currency monetary items in line with the Companies (Accounting Standards) Amendment Rules, 2009 relating to Accounting Standards 11 (AS 11) - The effects of changes in foreign exchange rates notified by the Government of India on 31 March 2009. Accordingly exchange difference arising on the settlement and remeasurement of long-term foreign currency monetary items relating to the acquisition of depreciable capital asset are accounted by addition or deduction to the cost of the depreciable assets.

Foreign Currency forward contracts, other than those entered into to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions are treated as foreign currency transactions and accounted accordingly as per Accounting Standard (AS) 11 - Effects of Changes in Foreign Exchange Rates. The difference between the contract rate and spot rate on the date of transaction is recognised as premium/discount and recognised over the life of the contract. Exchange differences arising on account of remeasurement and gains and losses arising on account of roll over/cancellation of foreign currency forward contracts are recognised in the statement of profit and loss.

2.5 Investments:

Current Investments are carried at lower of Cost or Realisable Value.

Long Term investments are carried at cost. Only in case there is Permanent diminution in value of Long Term Investments it is provided for.

2.6 Inventories:

Inventories are valued at lower of cost or Net Realisable Value. Cost is determined using Weighted Average Method for Raw Materials & Finished Goods and FIFO method for consumable spares and Packing Materials. The cost of finished goods and Work in progress comprises raw materials, direct labour, other direct costs and related production overheads. Net Realisable Value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

2.7 Revenue recognition:

Rent: Rent is recognised on time proportionate basis.

2.8 Employee Benefit:

Employee benefits include Provident Fund, Gratuity Fund and Compensated Expenses.

Provident Fund : Contribution towards provident fund for employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis. They are charged as an expense when they fall due based on amount of contribution required to be made.

Gratuity : The Company provides for gratuity which is in the form of a defined benefit plan on the basis of actuarial valuation done by LIC carried out at each Balance Sheet date.

Compensated Absences : The Company has the policy of non accumulating absences and is accounted for on cash basis.

2.9 Segment Reporting:

There are no 'Geographical Segments' and 'Business Segments' reportable under AS-17.

2.10 Earning Per Share:

Basic Earning Per Share: Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the period.

Diluted Earning Per Share: Diluted EPS is computed by dividing the profit/(loss) after tax(including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earning per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.11 Taxes on Income:

Current Tax: Provision for Current Tax is made taking into consideration the provisions under the Income Tax Act, 1961.

Deferred Tax: Deferred Tax resulting from "Timing Difference" between Taxable and Accounting Income is accounted for using the tax rates and laws that are enacted or substantially enacted as on Balance Sheet date. Deferred Tax is

recognised and carried forward only to the extent that there is visual certainty that the asset will be recognised in future.

2.12 Impairment of Assets:

Carrying Amount of asset is reviewed at the Balance Sheet date if there is any indication of impairment based on the internal and external factors.

The assets are treated as impaired when the carrying amount of the asset exceeds its recoverable amount. An impairment loss if any is charged to the Statement of Profit and Loss as and when it arises. Impairment Loss recognised in prior years is reversed when there is an indication that impairment loss recognised for the asset no longer exists or may have decreased.

2.13 Provisions & Contingent Liabilities:

Provisions: A provision is required when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to the Present Value and are determined based on the best estimate required to settle the obligation at the Balance Sheet Date. These are reviewed at each Balance Sheet Date and adjusted to reflect the Current best estimates.

Contingent Liabilities: Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

2.14 Insurance Claims:

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent there is no uncertainty in receiving the claims.

2.15 Cash Flow Statement:

Cash Flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.16 Borrowing cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.
